What's New at Indiana Tech

Indiana Tech's HIT program earns accreditation

In October 2015, the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM) approved accreditation of Indiana Tech's associate degree program in health information technology.

CAHIIM is a Chicago-based organization that accredits higher education programs in health informatics and health information management. It is the globally recognized and trusted accreditation organization for health informatics and health information management education programs to ensure the development of a workforce that meets the challenge of an information-intensive environment and its impact on global health.

CAHIIM recognized the following as strengths of Indiana Tech's health information technology program:

- Rigor of curriculum. Graduates are rated highly on professional preparedness.
- Faculty with industry experience and interest in student success.
- Rigorous online processes: Operational efficiency, quality audits, timely and consistent response to students.
- Online positives: Virtual labs, digital learning, asynchronous flexibility.
- Supportive advisory council.
- Relevance of curriculum for employability.
- Accelerated format allows a full-time student to complete associate degree in 16 months.
- Adult students may have more direction and commitment to complete degree for career advancement.

We now evaluate certifications for experiential credit

Indiana Tech students now have the opportunity to have professional certifications evaluated for possible experiential credits for transfer. Please contact cps@indianatech.edu for more information.

Cunningham Business Center to reopen Jan. 15, 2016

Indiana Tech's Cunningham Business Center renovation is scheduled to be completed early in January 2016. The \$6.9 million project began after the close of the 2014-15 academic year to transform the building into a top-flight learning facility for Tech students, faculty, staff, alumni and the community at large. The new Cunningham Business Center will feature technologically savvy classrooms, collaborative spaces for teamwork, computer labs and media production facilities for creating and delivering online course content. The new Cunningham will host:

- The College of Business
- The Advanced Learning Center
- The Instructional Media Classroom
- The Ph.D. in Global Leadership Center
- The Enterprise Center
- The Distance Learning Center
- The Warrior Information Network

Overview

The College of Professional Studies specializes in making professionally oriented degree programs accessible to students who cannot attend college full-time in a traditional format. Curricula are adapted for delivery through the Accelerated Degree Program, which compresses a traditional 15-week semester into a much shorter session. Undergraduate courses are offered in nine five-week sessions each year, while graduate courses are offered in eight six-week sessions each year.

Students can attend classes at the main campus in Fort Wayne or at one of our regional campuses throughout Indiana and Kentucky. These face-to-face classes typically meet once a week in the evening or on the weekend. For additional convenience and flexibility, students may also take courses online.

Students also can earn credit through standardized exams such as CLEP and DANTES, or by completing the portfolio process to document prior learning through CAEL's Learning Counts program.

Degree Options

Degree programs at Indiana Tech are designed to provide students with the knowledge and skills needed for rewarding careers. The university recognizes that each student is an individual and has unique goals. Each student can choose the degree that fits his or her goals and, in many cases, combine two or more concentrations for a tailor-made education. Although not all programs are available at all locations, degree options in the College of Professional Studies for the 2015-16 academic year are:

Undergraduate Degrees

- › Associate of Science in Accounting
- › Associate of Science in Business Administration:
 - Management
 - Production Management
- › Associate of Science in Criminal Justice
- › Associate of Science in General Studies
- › Associate of Science in Health Information Technology
- › Associate of Science in Industrial and Manufacturing Engineering
- › Bachelor of Science in Accounting
- › Bachelor of Science in Business Administration:
 - Business Communication
 - Entrepreneurial Studies
 - Financial Services
 - Health Care Administration
 - Human Resources
 - Management
 - Management Information Systems
 - Marketing
- › Bachelor of Science in Criminal Justice
- › Bachelor of Science in Criminal Science:
 - Crime Analysis
 - Criminal Justice Administration
 - Rehabilitative Services
- › Bachelor of Science in Emergency Response Management
- › Bachelor of Science in Health Care Informatics
- › Bachelor of Science in Human Services
- › Bachelor of Science in Industrial and Manufacturing Engineering
- › Bachelor of Arts in Information Systems

- › Bachelor of Science in Information Systems
- › Bachelor of Science in Organizational Leadership
- › Bachelor of Science in Psychology

Graduate Degrees

- › Master of Business Administration (MBA)
 - Accounting
 - Health Care Management
 - Human Resources
 - Management
 - Marketing
- › Master of Science in Engineering Management (MSE)
- › Master of Science in Management (MSM)
- › Master of Science in Organizational Leadership (MSOL)
- › Master of Science in Psychology
- › MBA/MSM Dual Degree
- › MBA/MSE Dual Degree
- › Ph.D. in Global Leadership
 - Organizational Management
 - Academic Administration

Associate of Science in Accounting

The purpose of the accounting associate degree program is to develop business professionals for entry-level positions in management accounting, financial services, auditing, management services, governmental and nonprofit agencies, public accounting and taxation. There is an emphasis upon developing an understanding and respect for the ethical and professional standards of the accounting profession. Accountants are trained in our program to develop problem-solving skills and increase efficiency, improving both operating results and business value for their prospective employers.

Accounting courses are taught using case studies, problems and computer applications so that concepts can be applied to real-life situations. The high level of student-professor interaction provides a learning environment that contributes to students with the practical experience and the skills that they need to participate in the fast-paced business environment.

The accounting degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the accounting courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Business Administration

BA 1200	Foundations of Business	3
BA 2010	Principles of Management.....	3

PSY 1700 Introduction to Psychology	3

Approved Electives 6

Total Credits 63

***Students may test out by placement exam. Credits do not count toward degree.*

Associate of Science in Criminal Justice

The associate degree in criminal justice will provide a broad overview of the criminal justice system. The degree requires 60 credits including a core of 27 credits in criminal justice. The core courses examine the criminal justice system as a whole and then take a closer look at various components of the system, such as the police, the courts and the corrections system.

The criminal justice degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the criminal justice courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Criminal Justice

Approved Electives..... 3

Total Credits.....60

***Students may test out by placement exam. Credits do not count toward degree.*

The criminal justice TEAM consists of the courses listed below. Students must complete CJ 1100, MA 1000 and ENG 1250 in order to enroll in the criminal justice TEAM. Please check the schedule for TEAM starting dates.

*CJ 1300 Police in America	3
*CJ 1400 Corrections in America.....	3
*CJ 2300 Substantive Criminal Law	3
*CJ 2400 Understanding Procedural Law	3
*CJ 2500 Basics of Criminal Investigation	3
*CJ 2600 Laws of Evidence	3
*CJ 3100 A System of Juvenile Justice	3
*CJ 3200 Understanding Criminal Behavior	3

Associate of Science in General Studies

The general studies curriculum is structured to offer students a broad, general base upon which to build. This curriculum is designed for students seeking a two-year degree with a course of study that can be customized to their personal or career objectives, as well as for students who are undecided in their career plans. Students who are planning to transfer to a four-year curriculum should consult with their academic advisors regarding the most appropriate choice of electives.

Math & Technology

HUM Electives (3 credits must be literature).....	6
SS Electives.....	6

Total Credits..... 63

***Students may test out by placement exam. Credits do not count toward degree.*

Associate of Science in Health Information Technology (HIT)

Health information technology (HIT) supports patient care by providing data to medical staff at the point of care and by giving administrative support in areas such as finance and practice management. This field is ideal for individuals who wish to work in the dynamic healthcare industry but not directly in patient care.

The coursework that you will complete throughout your degree program has been designed to include the subjects and important healthcare issue knowledge that employers want you to have. In addition, the coursework has been carefully developed to include the subjects that you will need to become certified as a Registered Health Information Technician.

In October 2015, Indiana Tech's health information technology program was accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

Bachelor of Science in Emergency Response Management

As our world becomes increasingly more volatile, the demand for emergency response management professionals is greater than ever before. Professionals in this field work to protect life and property and to ensure the most complete disaster recovery possible. Our program in Emergency Response Management prepares students for careers in the public sector in a variety of agencies in local, state, or federal government, as well as nonprofit and private organizations involved in emergency planning, mitigation, response, recovery, and prevention.

Bachelor of Science in Health Care Informatics

Health care informatics utilizes technology to acquire, store, retrieve, organize, manage and use information. Standards and clinical care guidelines are developed to improve health delivery outcomes. As providers increasingly embrace EHRs, there is an overwhelming volume of patient information and increased speed of information transfer. Health care informatics enables health information management professionals to transform large amounts of data into useful information. Legislation, initiatives and trends are exerting pressure to contain rising health care costs, expand the exchange of information, track and report the meaningful use of EHR criteria, and reduce medical errors. Health care informatics assists with population health management, EHR functionality, and patient health information availability across the continuum of care. Careers in health informatics include a wide range of settings and roles, including content and data analyst, data integrity analyst, mapping specialist, project manager, informaticist researcher, data architect, and quality improvement analyst.

Bachelor of Science in Industrial & Manufacturing Engineering (IME)

The IME degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network. Please check the schedule for TEAM starting dates.

Bachelor of Arts in Information Systems

The Bachelor of Arts in Information Systems emphasizes both technical expertise and business knowledge. This contemporary degree provides the skills to analyze, design and implement information systems for a small business, a corporation or a multi-national enterprise. The information systems degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the information systems courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Bachelor of Science in Information Systems

This program focuses on information systems while providing the student with additional opportunities to pursue his or her interest in other fields such as accounting, computer networking, information security, e-commerce, industrial manufacturing, marketing, humanities, or social sciences. Students will study computer programming, communications, the Internet, databases, and business administration. The program includes the application, implementation, and management of information systems. Both existing and emerging technologies are emphasized in this program.

Bachelor of Science in Organizational Leadership

The organizational leadership program provides students with the leadership competencies needed for middle management success in a variety of job families and functions. To fully develop the leadership skills of students, the program focuses on four key competency areas: operations and administrative competencies; human relations and interpersonal competencies; decision-making and critical thinking competencies; and communication competencies. To facilitate development of these competencies, courses marked with an asterisk (*) must be taken in sequence as part of a Tracked Educational Adult Module (TEAM). Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network. Please check the schedule for TEAM starting dates.

Master of Business Administration (MBA)

— Human Resources, Management, Marketing

The MBA examines the core functional areas of an organization. The disciplines of management, marketing, finance, accounting and economics are explored. MBA students can become immersed in a concentration that best fits their goals. The following courses are required for students in the human resources, marketing and management concentrations. The requirements for the accounting concentration are listed below. Requirements for the health care management concentration are on page 30.

Core Courses

MBA 5000 Executive Management (first course).....	3
MBA 5130 Managerial Accounting.....	3
MBA 5210 Business Statistics	3
MBA 5220 Marketing Management	3

Concentration Courses 6

Electives..... 6

Total Credits..... 42

Also Required

MBA 5110 Management Information Systems.....	3
MBA 5120 Managerial Economics.....	3
MBA 5200 Financial Management.....	3
MBA 5310 Business Ethics.....	3
MBA 5330 Business Law	3
MBA 7000 Business Policy & Strategy	3

Elective courses are any graduate-level business courses (except MBA/MSE/MSOL 5000) offered by the university or accepted as transfer credit.

Below are the courses required for the human resources, management and marketing concentrations. Students may have dual concentrations; however, they must complete the required courses for each concentration.

Human Resources Concentration

MBA 5600 Human Resource Management.....	3
MBA 6200 Performance Management	3

Marketing Concentration

MBA 6400 International Marketing.....	3
MBA 6420 Marketing Research	3

Management Concentration

MBA 5300 Organizational Behavior.....	3
MBA 5340 Operations Management.....	3

Master of Business Administration (MBA)

— Accounting

The requirements for the accounting concentration are listed below.

Core Courses

MBA 5000 Executive Management (first course).....	3
MBA 5210 Business Statistics	3
MBA 5220 Marketing Management	3

Also Required

MBA 5110 Management Information Systems.....	3
MBA 5120 Managerial Economics.....	3
MBA 5200 Financial Management.....	3
MBA 5310 Business Ethics.....	3
MBA 5330 Business Law	3
MBA 7000 Business Policy & Strategy.....	3

Accounting Concentration Courses

MBA 6810 Communication for Accountants	3
MBA 6820 Fraud Examination	3
MBA 6845 Government & Not-For-Profit Accounting...	3
*MBA 6860 Becker CPA Review.....	6

Total Credits 42

* MBA 6860 is the last course in the program for students in the accounting concentration. The student's grade is based upon the number of "Certificates of Continuing Help" received by the Becker review. Four certificates is an A. Three certificates is a B. Two certificates is a C. One or none is an F.

— Health Care Management

The requirements for the health care management concentration are listed below. This concentration is only available online. See Online Graduate Course schedule on page 52.

Core Courses

MBA 5000 Executive Management (first course).....	3
MBA 5130 Managerial Accounting.....	3
MBA 5210 Business Statistics	3
MBA 5220 Marketing Management	3

Also Required

HCM 5300 Health Care Law	3
MBA 5110 Management Information Systems.....	3
MBA 5120 Managerial Economics.....	3
MBA 5200 Financial Management.....	3
MBA 5310 Business Ethics.....	3
MBA 7000 Business Policy and Strategy.....	3

Concentration Courses

HCM 5000 Introduction to Health Care Management	3
HCM 6200 Health Care Operations and Quality	3
HCM 6300 Health Care Policy and Ethics	3
HCM 6400 Health Care Finance.....	3

Total Credits 42

Master of Science in Management (MSM)

The Master of Science in Management develops expertise in using qualitative tools in decision-making and problem-solving. Graduates of the program are equipped with knowledge of leadership processes; total quality and change management; work motivation, empowerment and organizational culture; financial decision-making; and general management practices. The MSM requires 36 credits of course work spread over 14 classes. The following courses are required:

Core Courses	Total Credits..... 36
MBA 5000 Executive Management..... 3	
MSM 5100 Qualitative Decision-Making..... 3	
MSM 5125 Accounting & Finance for Managers..... 3	
 Also Required	
MBA 5220 Marketing Management 3	
MBA 5300 Organizational Behavior..... 3	
MBA 5310 Business Ethics..... 3	
MBA 5320 Quality Management 3	
MBA 5600 Human Resource Management..... 3	
MBA 6600 Employment Law 3	
MSM 6400 Managing Change..... 3	
MSM 7200 Applied Management Project 3	
MSOL 6800 Leading Strategy-Analysis, Planning & Implementation 3	

MBA/MSM Dual Degree

The dual MBA/MSM degree program is designed for the individual who wants competency in both the leadership skills obtained within the MSM curriculum along with the solid business analysis and quantitative skills offered within the MBA program. The dual degree requires the following courses:

Core Courses	Electives..... 6
MBA 5000 Executive Management 3	
MBA 5130 Managerial Accounting..... 3	
MBA 5210 Business Statistics..... 3	
MBA 5220 Marketing Management 3	
 Also Required	
MBA 5110 Management Information Systems..... 3	
MBA 5120 Managerial Economics..... 3	
MBA 5200 Financial Management..... 3	
MBA 5300 Organizational Behavior..... 3	
MBA 5310 Business Ethics..... 3	
MBA 5320 Quality Management 3	
MBA 5340 Operations Management..... 3	
MBA 5600 Human Resource Management..... 3	
Choose one of the following two courses 3	
MBA 5330 Business Law	
MBA 6600 Employment Law	
MBA 7000 Business Policy & Strategy 3	
MSM 5100 Qualitative Decision Making 3	
MSM 6400 Managing Change..... 3	
MSOL 6800 Leading Strategy-Analysis, Planning & Implementation 3	
	Total Credits..... 57

Elective courses are any graduate-level business courses (except MBA/MSE/MSOL 5000) offered by the university or accepted as transfer credit.

Master of Science in Engineering Management (MSE)

The Master of Science in Engineering Management is designed for individuals with a technical degree who are preparing to assume more managerial responsibilities, or who are broadening their knowledge base. Topics such as quality assurance, lean manufacturing and enterprise resource planning are complemented with the study of financial management, project management and managerial economics. This integration creates an educational experience which can be thought of as an MBA with a technical focus. The Master of Science in Engineering Management consists of 14 classes for a total of 42 credits.

MSE Courses

MSE 5000	Intro. to Engineering Management	3
MSE 6010	Environmental Health and Safety	3
MSE 6020	Designing for Lean Manufacturing.....	3
MSE 6030	Enterprise Resource Planning.....	3
MSE 6040	Computer Integrated Manufacturing.....	3
MSE 6050	Statistical Methods in Quality Assurance.....	3
MSE 6060	Legal Implications for the Eng. Manager.....	3
MSE 7000	Adv. Topics in Engineering Mgmt.....	3

MBA Courses

MBA 5110	Management Information Systems.....	3
MBA 5120	Managerial Economics.....	3
MBA 5130	Managerial Accounting.....	3
MBA 5200	Financial Management.....	3
MBA 5220	Marketing Management	3
MBA 6310	Project Management	3

Total Credits.....42

MBA/MSE Dual Degree

The dual MBA/MSE degree program is designed for the individual with a technical degree who wants to gain an understanding of the core functional areas of business. A student may take the HR, management, or marketing concentrations in the MBA. The dual degree requires the following courses:

MSE Courses

MSE 5000	Introduction to Engineering Management.....	3
MSE 6010	Environmental Health and Safety	3
MSE 6020	Designing for Lean Manufacturing.....	3
MSE 6030	Enterprise Resource Planning.....	3
MSE 6040	Computer Integrated Manufacturing.....	3
MSE 6050	Statistical Methods in Quality Assurance.....	3
MSE 6060	Legal Implications for the Engineering Manager	3
MSE 7000	Advanced Topics in Engineering	3

MBA Courses

MBA 5110	Management Information Systems.....	3
MBA 5120	Managerial Economics.....	3
MBA 5130	Managerial Accounting.....	3
MBA 5200	Financial Management.....	3
MBA 5220	Marketing Management	3
MBA 5310	Business Ethics.....	3
MBA 6310	Project Management	3
MBA 7000	Business Policy and Strategy.....	3

Concentration Classes 6

Electives..... 6

Total Credits.....60

Human Resources Concentration

MBA 5600	Human Resource Management.....	3
MBA 6200	Performance Management	3

Management Concentration

MBA 5300	Organizational Behavior.....	3
MBA 5340	Operations Management.....	3

Marketing Concentration

MBA 6420	Marketing Research	3
MBA 6400	International Marketing.....	3

Elective courses are any graduate-level business courses (except MBA/MSE/MSOL 5000) offered by the university or accepted as transfer credit.

Master of Science in Organizational Leadership (MSOL)

The Master of Science in Organizational Leadership gives you exposure to leadership theory and current best practices. After you complete the program, you will have working knowledge of visionary leadership skills to support global service.

Leadership Fundamentals

MBA 5310 Business Ethics.....	3
MSOL 5000 Leadership Styles & Leadership Dev.	3
MSOL 6600 Leadership Prob. Anal. & Decision Making..	3
MSOL 6700 Developing Human Capital.....	3

Leading the Organization

MBA 5110 Management Information Systems.....	3
MSM 6400 Managing Change.....	3
MSOL 5400 Building Organizational Excellence.....	3
MSOL 5500 Financial Concepts for Leaders.....	3

Leadership Research and Strategy

MSOL 6800 Leading Strategy-Analysis, Planning & Implementation	3
MSOL 7400 Leadership Project I.....	3
MSOL 7500 Leadership Project II.....	3
MSOL 7600 Leadership Project III	3

Total Credits..... 36

Master of Science in Psychology

The Master of Science in Psychology is designed for individuals who are looking for career promotions or enhanced employment opportunities as well as those who want to further their education in preparation for various doctoral degrees.

Required Courses

MPSY 5000 Psychology Foundations for Graduate Study.....	3
MPSY 5100 Multicultural Psychology	3
MPSY 5200 Lifespan Development.....	3
MPSY 5400 Advanced Counseling Theory.....	3
MPSY 5600 Statistics for Behavioral Sciences	3
MPSY 5800 Legal and Ethical Issues in Psychology.....	3
MPSY 6000 Psychopathology	3
MPSY 6200 Advanced Social Psychology	3
MPSY 6400 Principles of Psychological Testing.....	3
MPSY 6600 Research Methods in Psychology.....	3
MPSY 6800 Advanced Biopsychology	3
MPSY Elective	3

Choose one of the following capstone courses:

MPSY 6910 Capstone Comprehensive Exam Track	1
MPSY 6930 Capstone Research Proposal Track	3

Total credits..... 37 or 39

Student Resources and Services

www.IndianaTech.edu

The Indiana Tech Web site holds a wealth of information for current and prospective students. Visit www.IndianaTech.edu when you need information on topics such as class locations, course schedules, Credit for Learning and financial aid. Forms that can be completed online or downloaded in PDF format include:

- Admissions applications
- Registration forms
- Financial aid applications
- Payment option forms
- Petitions for graduation
- Transcript requests
- Change of curriculum forms

my.IndianaTech.edu

In addition to the public website at www.IndianaTech.edu, the university also provides services to students at my.IndianaTech.edu. These services include:

- A personal secure account to use in computer labs
- An IndianaTech.net email account
- Access to your grades, schedule and degree progress
- Access to business office and financial aid information

To activate your account, visit www.IndianaTech.edu/its. Go to the Student Accounts box and click on “Click here for more information.” Then click in the Account Activation box. You will be required to verify your ID number, birth date, social security number, first name and last name. You then will be permitted to set your password.

Warrior Information Network

The Warrior Information Network consolidates administrative services into one convenient resource. A phone call to 888.832.4742 will take care of most of your needs at the university, including:

- Registrations
- Class withdrawals
- Tuition payments
- Updates of personal information (name, address, e-mail, shipping address, etc.)
- General financial aid information

There are three ways to contact the WIN:

- E-mail: WIN@IndianaTech.edu.
- Telephone: 888.832.4742, from 8:30 a.m. to 7 p.m., Monday through Thursday; 8:30 a.m. to 5 p.m., Friday; and 8:30 a.m. to 12:30 p.m., Saturday, with the exception of holidays.
- Fax: 260.424.4831 or toll-free 888.832.4844.

Campus Resources

Each Indiana Tech location provides resources to support your success as a student.

- Fort Wayne: Our Fort Wayne campus offers McMillen Library, the Career Center and 24-hour computer lab access.

Visit the McMillen Library at library.indianatech.edu or 800.937.2448, ext. 2215.

- Elkhart: The Elkhart campus has an academic resource center, which includes study space and computers. An academic resource specialist is available to assist you with computer and other related questions.
- Kendallville: Our Kendallville location (located within the Impact Institute) offers access to the community computer lab, and the building is equipped with Wi-Fi.
- Louisville: This campus offers an academic resource center, which contains a computer lab, and the building is equipped with Wi-Fi. An Academic Recruitment Center Specialist is available to assist with questions.
- Indianapolis: The Pyramids campus provides an academic resource center that includes computers, a quiet place to study and an academic resource specialist. A career services advisor is also housed at the Indianapolis campus to serve the central Indiana region.
- Other Locations: Our Fishers, Greenwood, Huntington, Jeffersonville, Mishawaka, Munster and Warsaw locations provide a computer lab and an academic resource specialist. Many of these locations are also equipped with Wi-Fi.

Tutoring

The College of Professional Studies offers free tutoring for several key courses. For more information on tutoring policies and assistance in arranging tutors, contact:

- Fort Wayne: Eric Shearer, EMShearer@IndianaTech.edu, 260.422.5561, ext. 2204. Or, contact the tutoring center at 260.422.5561, ext. 2337, or studentsupport@indianatech.edu.
- Indianapolis: Sheri Clark, SLClark@IndianaTech.edu, 317.466.2121 or 800.288.1766 ext. 4104

Career Services

The Career Center offers free services to all Indiana Tech students and alumni including:

- Career advising
- Job search preparation
- Workshops and events such as mock interviews and networking nights
- Online job posting and résumés at Warrior Jobs

To learn more about the career services available to you:

- Visit careercenter.indianatech.edu
- Call 800.937.2448, ext. 2217
- Email careercenter@IndianaTech.edu

General Information

Accreditation

Indiana Tech is accredited by the Higher Learning Commission. For more information on accreditation, contact the Higher Learning Commission at (800) 621-7440. The university is approved and officially recognized by the U.S. Office of Education and the U.S. State Department and is approved by the State Approval Agency for the enrollment of veterans and eligible persons.

Enrollment Status

- A full-time undergraduate student is one who is enrolled for 12 or more credits per semester.
- A three-quarter-time undergraduate student is one who is enrolled for 9 to 11 credits per semester.
- A half-time undergraduate student is one who is enrolled for 6 to 8 credits per semester.
- A full-time graduate student is one who is enrolled for 9 or more credits per semester.

Registration

Registration can be handled on my.indianatech.edu or through the Warrior Information Network. All registrations are processed on a first-come, first-served basis. By registering for classes, the student agrees to abide by the university's policies and regulations.

Textbooks

Textbooks are loaned to students enrolled in courses meeting face-to-face. Instructors collect textbooks at the last class meeting. If you are unable to return the textbook to the instructor, it must be returned to Indiana Tech no later than two weeks after the session ends.

Textbooks for online classes are loaned to students and must be returned to Indiana Tech no later than two weeks after a session has ended via the shipping envelope and postage paid label provided by the university.

You will be billed for books not returned within the policy guidelines. If you wish to purchase a textbook, you can keep the textbook and your account will be billed.

Shipping Address

Textbooks are shipped via UPS to your home address. If you would like your books shipped to an alternate address, please contact the Warrior Information Network before the registration deadline of that session. Doing so will initiate a permanent change in your shipping address for textbooks only. All other mail will be sent to your home address. We cannot use P.O. boxes for UPS delivery.

Software

Because of licensing agreements, some classes will require you to purchase software for your personal use.

Change of Name or Address

Please notify the Warrior Information Network of any name, address, email, or telephone number changes. Name changes require appropriate documentation.

Grades

Visit my.indianatech.edu, then enter your user name and password, click on Academics, then select Grade Report, select the term, then Final Grade Report. A screen with your name, courses and GPA information will appear. If you need to print a copy, just select the printer icon in the upper right corner of the screen.

You will be responsible for checking your grades each session. If you don't know your my.indianatech.edu log-on information, go to my.indianatech.edu and select Retrieve Password under Password Support. Questions about specific grades should be directed to the professor. Any questions about the information on my.indianatech.edu should be directed to the Warrior Information Network at 888.832.4742 or WIN@IndianaTech.edu.

Identification Cards

If you would like a student I.D. card, please contact the campus or office near you for information. (Student ID request forms can be obtained online.)

Class Cancellations

Because weather can vary across the regions where Indiana Tech has classroom locations, each campus must determine when conditions call for cancellations. Whenever possible, the College of Professional Studies will decide whether to cancel classes no later than 4 p.m. Sundays through Thursdays or 7 a.m. Saturdays.

Indiana Tech uses Blackboard Connect to communicate information about weather-related campus closings and other emergencies quickly and accurately through:

- Text messages
- Voice messages
- Email
- Facebook
- Twitter

You do not need to sign up for this service; all current students, faculty and staff are automatically included. However, we must have correct contact information on file to ensure that we can notify you of campus closings or emergency situations. Please login to your my.IndianaTech account and update your contact information under Directory Update.

For more information about Blackboard Connect, visit safety.IndianaTech.edu/emergency.

Campus closings are also posted on our website at www.IndianaTech.edu.

Academic Policies

Earning College Credit

There are several ways you can earn credit toward your degree from Indiana Tech:

- Successfully completing Indiana Tech courses either in class, online or through Independent Study
- Transferring credit from other colleges
- Passing standardized tests such as the College-Level Examination Program (CLEP), or the Defense Activity for Non-traditional Education Support (DANTES) program.
- Using military experience or corporate training, which when evaluated may be worthy of college credit.
- Receiving credit for prior learning, work training and other previous college credit through our Prior Learning Portfolio program. Indiana Tech has partnered with the Council for Adult and Experiential Learning (CAEL) Learning Counts program to offer this opportunity to our students.

Proficiency examinations are available for selected courses at Indiana Tech. A proficiency examination is used to establish credit in a course for which credit has not been earned by either transfer credit or attendance in a class at Indiana Tech. A proficiency examination cannot be taken in any course for which a grade has been received at Indiana Tech, or a course that has been audited at the university. Credit in the course is given based on pass/fail. If a student fails a proficiency exam, he or she may not retake the exam. A student who wishes to take a proficiency exam must see his or her advisor or dean for a list of available exams.

Students who successfully complete a nationally recognized certification exam (e.g., A++, Microsoft Networking, MOUS, etc) may request transfer credit for an equivalent course at Indiana Tech. Students should contact the dean of the appropriate college for consideration of the requests.

Class Attendance

Due to the accelerated pace of the courses, students are required to attend each class for the full allotted class time. Logging into Blackboard for an online class after the class start date is considered an attendance in that class.

If you know that you will be unable to attend the first class, do not register for the class. At times, an unforeseen occurrence may cause a student to miss the first class. If you are unable to attend the first class, you must contact the Warrior Information Network (WIN) within three (3) days of the absence. Failure to notify the WIN within 3 days of a first night absence will result in an administrative withdrawal of the student from class. An absence from class does not alleviate the student from responsibility for assignments due the class of the absence or assignments due the next class following the absence.

Be aware that an absence could result in a grade reduction. Two absences during a single-session course and three absences from a two-session course will result in a failing grade.

Change of Curriculum Policy

Students wishing to change degree programs must complete the Change of Curriculum Form (available on our Web site at www.IndianaTech.edu) and return it with a \$10 fee to the registrar. Forms returned without the required fee will be charged to your account. Upon changing majors, students must follow all conditions of the most current academic catalog.

Students may change to the curriculum of the current year with the approval of the registrar. Students may not change to a curriculum in force prior to their enrollment, nor may students revert to previous curriculum requirements after officially changing to a current year curriculum.

Academic Credit Load

Undergraduate students are allowed to register for two classes per session up to 18 credits in a semester. The 18 credit limit includes all methods of delivery: in class, online and Independent Study.

The criteria to enroll in additional credits in a semester are as follows:

- The student must be in good academic standing with a cumulative grade point average of 3.0.
- The student must have completed at least 24 credits at Indiana Tech.
- The student should obtain approval from the dean.

Graduate students are limited to two classes per session. Exceptions must be authorized by the dean or faculty coordinator. The criteria to enroll in three classes in one session are as follows:

- The student must have a cumulative grade point average of 3.0 or better.
- The student must have completed core courses.

Academic Policies continued

Academic Withdrawal Policy

You can withdraw from a CPS course without academic record until the end of the first week of the course (all session lengths). Withdrawals with record are allowed until the end of week 3 for five- and six-week courses; until the end of week 5 for 10-week courses; and until the end of week 6 for 12-week courses. You must contact the Warrior Information Network to withdraw, or you will receive a failing grade and be charged for the class.

Refund Policy

A CPS course (including online) can be dropped without charge until the end of the first week of the session (e.g., the first Friday of classes). Saturday classes can be dropped through the Monday following the first class. Drops during the second week will receive a 75 percent refund. Third-week drops will receive a 50 percent refund. This applies to all session lengths. Drops can be handled by phone or via email through the Warrior Information Network (WIN) or registrar's office. Students will receive a drop confirmation email. Students who drop an online course with 100% tuition refund are required to return the supplied course materials within two (2) weeks of the withdrawal date. All returned materials should be in good condition. Students will be charged \$150 for not returning the course materials.

Undergraduate deadlines for refunds are as follows:

	100%	75%	50%
Session 5	1/15	1/22	1/29
Session 6	2/26	3/5	3/11
Session 7	4/8	4/15	4/22
Session 8	5/13	5/20	5/27
Session 9	6/17	6/24	7/1
Session 1	7/29	8/5	8/12
Session 2	9/2	9/9	9/16
Session 3	10/7	10/14	10/21
Session 4	11/11	11/18	12/2

Graduate deadlines for refunds are as follows:

	100%	75%	50%
Session 5	2/12	2/19	2/26
Session 6	3/25	4/1	4/8
Session 7	5/6	5/13	5/20
Session 8	6/17	6/24	7/1
Session 1	7/29	8/5	8/12
Session 2	9/9	9/16	9/23
Session 3	10/21	10/28	11/4
Session 4	12/9	12/16	1/13

Graduation Policies

Graduation Requirements—Undergraduate

To qualify for graduation from Indiana Tech, you must successfully complete:

- Submission of all official transcripts from transfer institutions from which you are receiving transfer credit.
- All necessary credits required for the degree. Bachelor's degrees require a minimum of 30 credits earned at Indiana Tech. At least 21 of the 30 credits must be among the last credits completed by the student before graduation. Associate degrees require 15 credits earned at Indiana Tech. Individual exceptions to the policy can be made only with written approval by the vice president of academic affairs.
- Required courses in all areas of major study with a minimum cumulative grade point average of 2.0
- All courses, required and elected, at an overall minimum cumulative grade point average of 2.0
- All financial obligations to the university

Graduation Requirements—Graduate

To qualify for graduation from Indiana Tech, you must successfully:

- Submission of all official transcripts from transfer institutions from which you are receiving transfer credit.
- Complete all necessary credits for the degree, with no more than 9 transfer credits
- Achieve a minimum GPA of 3.0 with no more than 9 credit hours of C work counting toward the degree
- Complete all course work within seven years after completing the first class
- Satisfy all financial obligations to the university

Petition for Graduation

All students who wish to receive a degree from Indiana Tech, must file a Petition for Graduation with the registrar's office. The graduation process is complete after the student has achieved academic and financial clearance to graduate. Degrees are conferred and diplomas and final transcripts are sent only after financial clearance is received.

Students can submit petitions when they are within 2 semesters of the anticipated course work completion date, or when:

- Associate students have earned 45 credits
- Bachelor's students have earned 102 credits
- Graduate students have earned 27 credits

The Petition for Graduation is posted at www.IndianaTech.edu.

Commencement Ceremony

Students planning to participate in the May commencement exercises must file the petition prior to February 1. Petitions filed after February 1 will not be accepted for participation in the commencement ceremonies.

Note: Undergraduate students must be within 15 credits by March 31 to participate in May commencement. Graduate students must be within 12 credits by March 31 to participate in May commencement.

Tuition and Payment Information

Tuition Payment Options

Indiana Tech offers multiple payment options for students in the College of Professional Studies. All students must submit a payment options form available at busoffice.IndianaTech.edu/cps/payment-options-form/.

- **Pre-pay:** Each course must be paid in full by the registration deadline for each session.
- **Financial Aid:** If you plan to use financial aid, you must file the FAFSA before registering for your first session. You are responsible for submitting all required paperwork to the Financial Aid Office in a timely manner. You can file the FAFSA online at www.fafsa.ed.gov.
- **Voucher/Authorization Process:** If your employer uses a voucher system, you will choose this option. A voucher is an approval form for each course obtained by the student from the employer. The voucher or authorization form must be turned in to the business office by the registration deadline of each session.
- **Tuition Assistance Deferment:** There is a one-time \$25 fee for this payment option. If you receive tuition assistance from your employer, you qualify to defer tuition for 45 days after the end of the session. If your tuition is not paid by the due date, a \$50 late tuition fee per class will be billed to your student account.
- **Direct Billing:** Some employers may wish to have their employees' tuition billed directly. You should contact your admissions representative or the Business Office for more information.
- **Military Benefits:** Requires Certifying School Official (CSO) and Business Office review prior to approval.
- **Corporate Discounting:** Corporate discounting is only available to approved companies. Requires additional paperwork along with Business Office review and approval.

Your payment choice will remain in effect unless you request a change. If your situation changes and you need to choose a different payment option, you must submit a new Payment Option Form.

Invoicing and Payments

Tuition invoices are sent to all students by the end of the 3rd week of class. Checks or credit cards may be used to pay tuition and fees. We accept MasterCard, Visa, American Express and Discover. There is a \$30 fee for all returned checks. All students are subject to a \$50 late tuition charge if tuition goes unpaid, regardless of payment option.

Tuition and Fees for 2015-2016

Tuition

Graduate Tuition	\$495 per credit
Graduate Tuition — Engineering	\$535 per credit
Graduate Auditing Fee.....	\$245 per credit
Undergraduate Tuition.....	\$396 per credit
Undergraduate Tuition — Engineering.....	\$417 per credit
Undergraduate Auditing Fee.....	\$187.50 per credit
Ph.D. tuition.....	\$765 per credit

Other Fees

Graduate Application Fee	\$25
Undergraduate Application Fee.....	\$25
Program Fee (MBA/MSE/MSOL 5000)	\$90
CAEL Course (including 1 portfolio assessment)	\$750
Additional Portfolio Assessments	\$250
Curriculum Change	\$10
Graduation Fee.....	\$50
Late Registration Fee.....	\$20 per class
Tuition Deferment Fee	\$25
Returned Check Fee.....	\$30 per item
Returned ACH Fee.....	\$30 per item
Late tuition charge.....	\$50 per class
HigherOne Replacement Card.....	\$20 per card

Tuition and fees valid through June 30, 2016.

HigherOne Refund Card

New students will receive a HigherOne Refund Card through the mail 5 to 7 days after you have started your first course. In the event that you have excess funding you will receive your refund on a HigherOne Refund Card. Please follow the activation instructions included with your HigherOne Refund Card.

Financial Aid Information

Types of Aid

- Federal Pell Grant
- Indiana Freedom of Choice Award
- 21st Century Scholars Award
- Indiana Part-Time Award
- Indiana Minority Teaching Scholarship
- Perkins Loan
- Federal Direct Subsidized Loan
- Federal Direct Unsubsidized Loan
- Private Alternative Loan (requires separate application and credit check approval)
- Parent PLUS Loan (for dependent students only)
- Graduate PLUS Loan (for graduate students only)

Eligibility

- Must have a high school diploma or have successfully passed the General Education Development (GED) test approved by the U.S. Department of Education.
- Must be enrolled or accepted in a degree program.
- Must file a Free Application for Federal Student Aid (FAFSA).
- Must not be in default on any Federal (Title IV) loan or owe payment on any Federal (Title IV) grant received at any institution.
- Male students must satisfy requirements under the Selective Service Act.
- Must be a citizen, national or permanent resident of the United States.
- Must maintain satisfactory academic progress.
- Loan borrowers must complete online entrance loan counseling and a master promissory note at www.studentloans.gov in order to receive loan funds.

Financial Aid Process

The following are steps in the Financial Aid process:

- Student must file a Free Application For Federal Student Aid (www.fafsa.ed.gov). **Our school code is 001805.** Please use the IRS Data Retrieval tool to expedite the processing of your application.
- Please use your financial aid portal at my.indianatech.edu to access your financial aid to-do list for outstanding document requests. Documents can be printed, completed, signed and returned to our office via mail, fax, email, or in person.
- Students will receive a financial aid offer by email indicating the types and amounts of aid they qualify for.

Financial Aid Package

Financial aid is packaged for a full academic year and is awarded in two semesters (fall and spring).

The summer session (Session 9 for undergraduate students and Session 8 for graduate students) is a separate period of enrollment and IS NOT included in your award package. Ph.D. students are packaged for the summer period due to the nature

of the program. For questions on summer eligibility, please contact our office.

Important Notes

Indiana Tech requires that all students complete the payment option form upon enrollment. Links to the payment option form are available at <http://busoffice.indianatech.edu/cps/payment-options-form>. A financial aid package will be sent to the student indicating the available aid for the academic year once a FAFSA has been received with all requested documentation. Applying for financial aid does not remove responsibility for payment if the funding is not received. Students are responsible for all outstanding balances.

Posting of Funds

Financial Aid funds are credited to the student's account based on the completion of every 3 credits. The timeliness of the posting is affected by the completion and submission of all necessary documents required. Once all charges have been satisfied any excess funds will be refunded to the student unless the student requests that the funds remain on their account. This process begins after the billing period for classes, which is typically during the third week. Refunds are typically processed during the fourth to sixth week following the beginning of classes based on this billing process.

Financial Aid for Graduate and Ph.D. Students

Unsubsidized federal student loans are available for students enrolled in the graduate or Ph.D. program. Federal grants and subsidized Federal Direct Student Loans are not available. Full time enrollment in the graduate program is 9 credits per semester. Full time enrollment in the Ph.D. program is 6 credits.

Schedule Changes

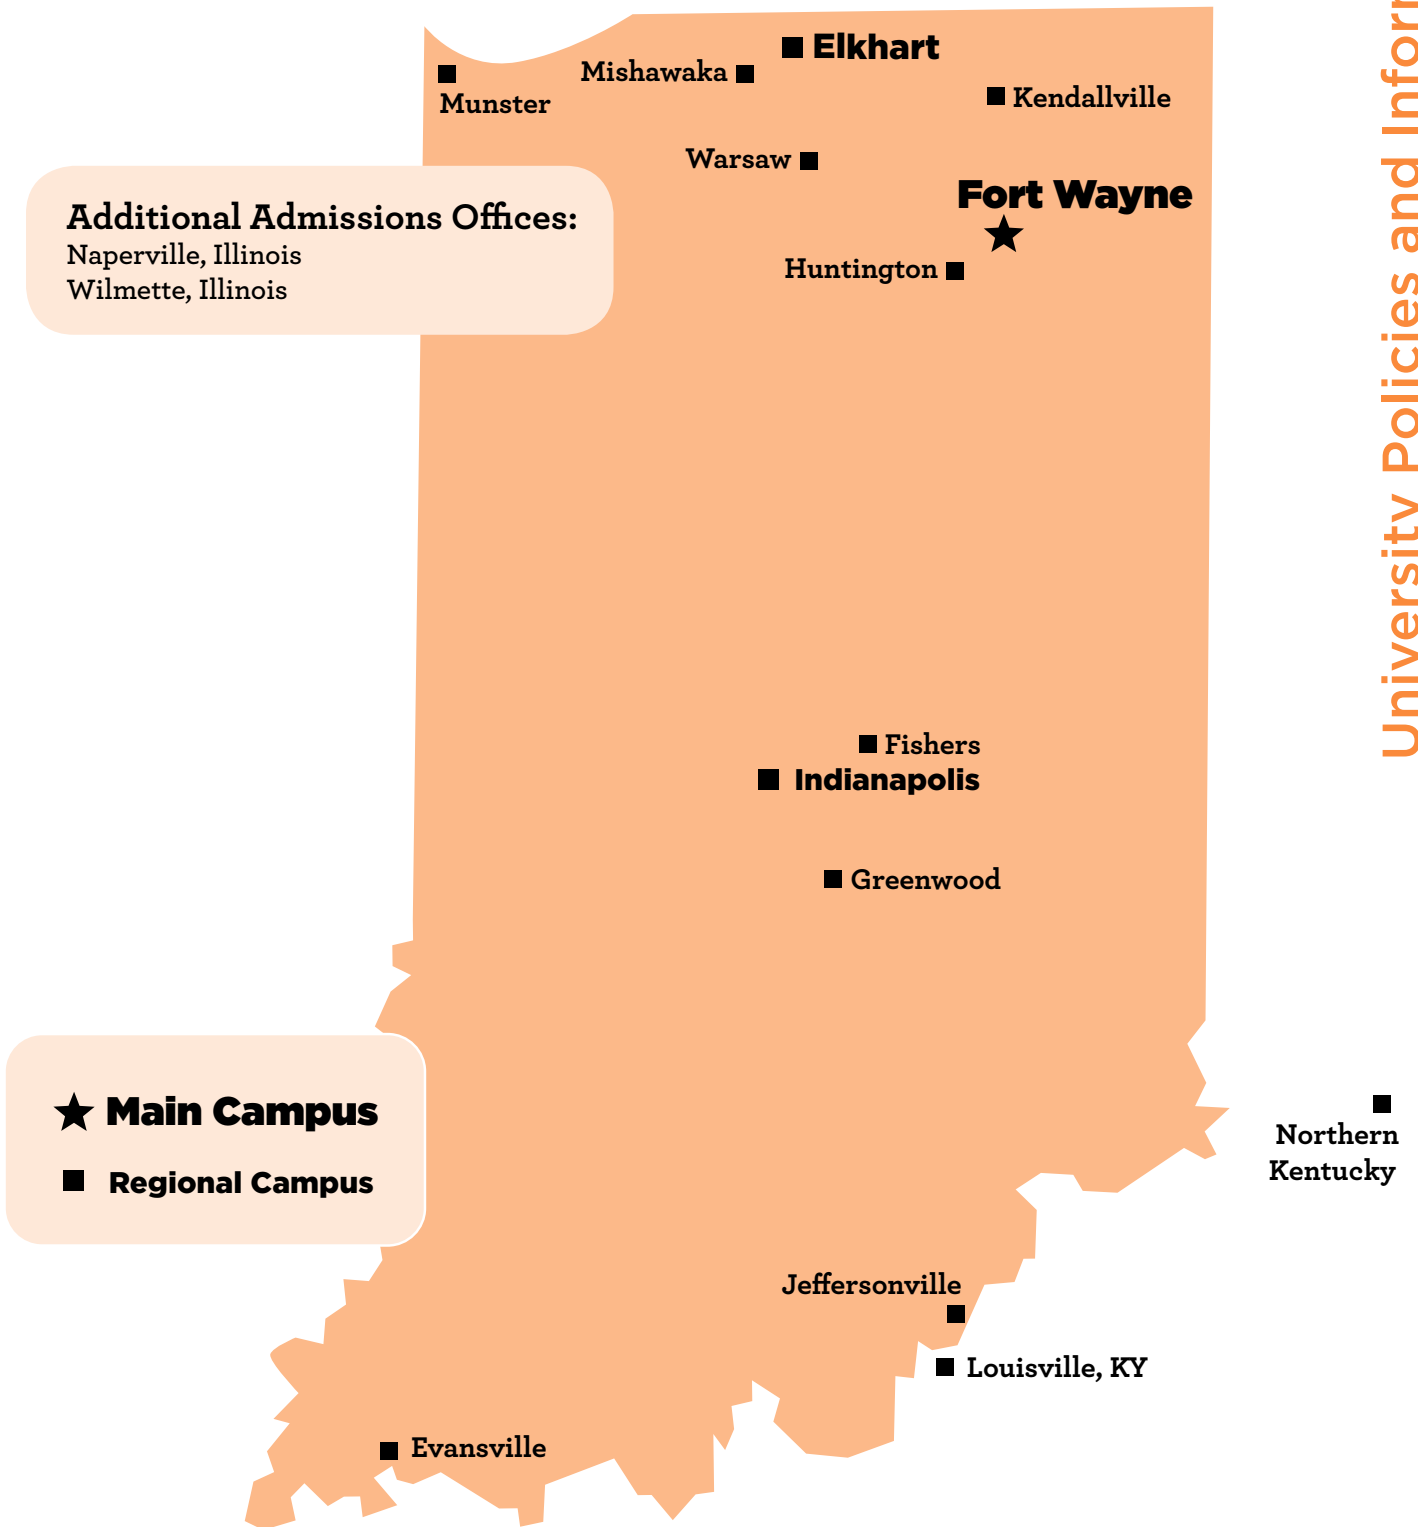

Dropping a class may adversely affect a student's financial aid package. Students must contact the Warrior Information Network (ext. 2525) or financial aid office prior to dropping a class to understand the possible consequences.

Questions

We are here to help you get the financial aid you need to complete your degree. If you have any questions or concerns about the information above, please do not hesitate to contact us at:
