

Credit Policy - Advanced Placement Credit / Indiana Tech

Students can earn college credit through the College Board Advancement (AP) Program by completing AP exams each May. College Board determines students' proficiency using a five-point scale. Students should request to have the AP scores sent to the Admissions Office (college code is 1323). Once the test scores are received and evaluated, the student will be notified regarding what college credit has been earned. The website for Advanced Placement test is: <https://apstudent.collegeboard.org/apcourse>
