

INDIANA**TECH**

**Let Indiana Tech help you take your associate degree to another level.**

We make it easy to build upon your Ivy Tech associate degree to earn a bachelor's degree. Find out exactly which classes you need to take on the back of this information sheet.

Indiana Tech will help you financially as well. If you graduated from Ivy Tech after 2010 and have a minimum cumulative GPA of 2.5, you are eligible for the Ivy Tech Merit Scholarship, which will result in a 20 percent reduction in tuition.

## **Associate of Applied Science in Business Administration**

TO ACHIEVE THIS -----

## **Bachelor of Science in Business Administration - Management**

### **Program Overview**

Management is a concentration within our business administration bachelor's degree program. Our business administration degrees are designed to help you advance your career by developing your problem-solving and decision-making skills. Our curriculum focuses on strategies in real-world business applications, in a variety of different areas.

The management concentration provides you with an in-depth study of all facets of the business environment. This solid business education is combined with a liberal arts foundation to develop a knowledgeable, well-rounded business professional.

Graduates are prepared to succeed as a staff specialist, entry-level manager, or middle manager in almost any business environment. This includes positions in a wide variety of business and industrial settings, with such functions as operations, marketing, human resources, and general management.
