

Take your education
and military experience
to the next level.
We can help.

Indiana Tech and METC (Medical Education & Training Campus) are working together to make taking the next step in your educational journey faster and more affordable.

Military service members can transfer as many as 42 METC credits from select programs seamlessly into an online associate or bachelor's degree at Indiana Tech. In addition, all active duty, reserve, guard, and veterans and their spouses are eligible for Indiana Tech's Military Scholarship, as well as civilian Department of Defense and Department of Veterans Affairs employees.

Bachelor of Science in Business Administration: Health Care Administration

Program Overview

Health care administration is one of nine concentrations offered in our business administration bachelor's degree program. This program helps you combine a business-oriented mind with a desire to work in health care.

The health care administration concentration prepares you to apply business administration concepts and skills to the growing health care arena. The courses address the major management issues facing this rapidly changing field as well as the political and policy forces affecting the delivery of health care in the United States.

Why choose Indiana Tech:

- Online classes begin every six weeks at Indiana Tech. Take one class at a time and make rapid progress toward program completion.
- Personalized support from start to finish, including assistance with degree audits and coordinating military educational benefits.
- No extra fees for books—textbook rental is included in tuition and books are shipped directly to you.
- Unlimited Yellow Ribbon tuition waivers for eligible students
- Additional college credit may be granted through the evaluation of Military School Partnerships including CCAF and JST, further reducing the number of credit hours to complete a degree.
