Overview

The College of Professional Studies specializes in making professionally oriented degree programs accessible to students who cannot attend college full-time in a traditional format. Curricula are adapted for delivery through the Accelerated Degree Program, which compresses a traditional 15-week semester into a much shorter session. Undergraduate courses are offered in nine five-week sessions each year, while graduate courses are offered in eight six-week sessions each year.

Students can attend classes at the main campus in Fort Wayne or at one of our regional campuses throughout Indiana and Kentucky. These face-to-face classes typically meet once a week in the evening or on the weekend. For additional convenience and flexibility, students may also take courses online.

Students also can earn credit through standardized exams such as CLEP and DANTES, or by completing the portfolio process to document prior learning through CAEL's Learning Counts program.

Beginning Session 1, 2018: IIT 1900 Academic & Career Success Seminar is a required course for all CPS students who have not completed a minimum of 30 credit hours. A student must earn a "C" grade in IIT 1900 before enrollment in subsequent classes. Through participation in the IIT 1900 course, students will develop the communication, professional and educational skills necessary to further their educational and career opportunities.

Degree Options

Degree programs at Indiana Tech are designed to provide students with the knowledge and skills needed for rewarding careers. The university recognizes that each student is an individual and has unique goals. Each student can choose the degree that fits his or her goals and, in many cases, combine two or more concentrations for a tailor-made education. Although not all programs are available at all locations, degree options in the College of Professional Studies for the 2018-19 academic year are:

- › Bachelor of Science in Cybersecurity
- › Bachelor of Science in Emergency Response Management
- › Bachelor of Science in Health Information Management
- › Bachelor of Science in Human Services
- › Bachelor of Science in Industrial and Manufacturing Engineering
- › Bachelor of Arts in Information Systems
- › Bachelor of Science in Information Systems
- › Bachelor of Science in Organizational Leadership
- › Bachelor of Science in Psychology

Undergraduate Degrees

- › Associate of Science in Accounting
- › Associate of Science in Business Administration:
 - Management
 - Production Management
- › Associate of Science in Criminal Justice
- › Associate of Science in General Studies
- › Associate of Science in Health Information Technology
- › Associate of Science in Industrial and Manufacturing Engineering
- › Associate of Science in Information Technology
- › Bachelor of Science in Accounting
- › Bachelor of Science in Business Administration:
 - Business Communication
 - Entrepreneurial Studies
 - Financial Services
 - Health Care Administration
 - Human Resources
 - Management
 - Management Information Systems
 - Marketing
- › Bachelor of Science in Child Development
- › Bachelor of Science in Criminal Justice:
 - Crime Analysis
 - Criminal Justice Administration
 - Rehabilitative Services

Graduate Degrees

- › Master of Business Administration (MBA)
 - Accounting
 - Health Care Management
 - Human Resources
 - Management
 - Marketing
 - Project Management
- › Master of Science in Engineering Management (MSE)
 - Information Systems
- › Master of Science in Management (MSM)
- › Master of Science in Organizational Leadership (MSOL)
- › Master of Science in Psychology
- › MBA/MSM Dual Degree
- › MBA/MSE Dual Degree
- › Ph.D. in Global Leadership
 - Organizational Management
 - Academic Administration
 - For more information, go to phd.IndianaTech.edu

Associate of Science in Accounting

The purpose of the accounting associate degree program is to develop business professionals for entry-level positions in management accounting, financial services, auditing, management services, governmental and nonprofit agencies, public accounting and taxation. There is an emphasis upon developing an understanding and respect for the ethical and professional standards of the accounting profession. Accountants are trained in our program to develop problem-solving skills and increase efficiency, improving both operating results and business value for their prospective employers.

Accounting courses are taught using case studies, problems and computer applications so that concepts can be applied to real-life situations. The high level of student-professor interaction provides a learning environment that contributes to students with the practical experience and the skills that they need to participate in the fast-paced business environment.

The accounting degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the accounting courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Business Administration

BA 1200	Foundations of Business	3
BA 2010	Principles of Management.....	3

ECON 2200	Macroeconomics	3
ECON 2210	Microeconomics	3
HUM Electives	3	
PSY 1700	Introduction to Psychology	3

Approved Electives 3

Total Credits 60

***Students may test out by placement exam. Credits do not count toward degree.*

Associate of Science in Criminal Justice

The associate degree in criminal justice will provide a broad overview of the criminal justice system. The degree requires 60 credits including a core of 27 credits in criminal justice. The core courses examine the criminal justice system as a whole and then take a closer look at various components of the system, such as the police, the courts and the corrections system.

The criminal justice degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the criminal justice courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Criminal Justice

MA 1020 Foundations of College Math II	3
MA 1025 Mathematical Problem-Solving	3

Approved Electives 3

Total Credits 60

***Students may test out by placement exam. Credits do not count toward degree.*

The criminal justice TEAM consists of the courses listed below. Students must complete CJ 1100, MA 1020 and ENG 1250 in order to enroll in the criminal justice TEAM. Please check the schedule for TEAM starting dates.

*CJ 1300 Police in America	3
*CJ 1400 Corrections in America.....	3
*CJ 2300 Substantive Criminal Law	3
*CJ 2400 Understanding Procedural Law	3
*CJ 2500 Basics of Criminal Investigation	3
*CJ 2600 Laws of Evidence	3
*CJ 3100 A System of Juvenile Justice	3
*CJ 3200 Understanding Criminal Behavior	3

Associate of Science in General Studies

The general studies curriculum is structured to offer students a broad, general base upon which to build. This curriculum is designed for students seeking a two-year degree with a course of study that can be customized to their personal or career objectives, as well as for students who are undecided in their career plans. Students who are planning to transfer to a four-year curriculum should consult with their academic advisors regarding the most appropriate choice of electives.

Math & Technology

MA 1005 Foundations of College Math I.....	3**
MA 1020 Foundations of College Math II.....	3

Approved Electives.....	27
-------------------------	----

Total Credits.....63

***Students may test out by placement exam. Credits do not count toward degree.*

Associate of Science in Health Information Technology (HIT)

Health information technology (HIT) supports patient care by providing data to medical staff at the point of care and by giving administrative support in areas such as finance and practice management. This field is ideal for individuals who wish to work in the dynamic healthcare industry but not directly in patient care.

Our program has been accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). CAHIIM is a Chicago-based organization that accredits higher education programs in health informatics and health information management. It is the globally recognized and trusted accreditation organization for health informatics and health information management education programs to ensure the development of a workforce that meets the challenge of an information-intensive environment and its impact on global health.

English

*IME 4020 Lean Manufacturing..... 3

*IME 4300 Integrated Resource Management..... 3

Total Credits 60

***Students may test out by placement exam. Credits do not count toward degree.*

Associate of Science in Information Technology (IT)

This program prepares a graduate, as an IT professional, to provide computer technology support to business and industry. Graduates are prepared to install, run, troubleshoot, and maintain the technology that allows computer systems to function successfully. This program focuses on industry mandated competencies. Several courses are guided by industry-aligned certificates. As students progress through their coursework, they will be preparing for four industry-valued certifications.

Students pursuing a bachelor's degree in business administration are eligible to apply to our MBA 4+1 program or our MSOL 4+1 program after completing 75 undergraduate credits. Please visit www.IndianaTech.edu/CPS for more information.

Bachelor of Science in Business Administration

—Health Care Administration

The health care administration concentration uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the health care administration courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Bachelor of Science in Child Development

Indiana Tech's Bachelor of Science in child development is ideal for those inspired to become an advocate for children, such as a pre-school or child care center director, a social or community services manager or a child protective services worker. It is also an appropriate path for students wishing to pursue graduate studies in psychology or education. When you pursue a Bachelor of Science in child development, you will receive a grounding in psychology courses that will provide an understanding of theory and practices related to working with children and adolescents. You will also receive basic instruction in educational courses to provide an understanding of the psychosocial and physical development of children.

Bachelor of Science in Criminal Justice

Students interested in a bachelor's degree in criminal justice may choose a criminal justice specialty or pursue this bachelor's degree, which includes enough elective credits to allow the student to complete an appropriate minor, such as psychology. Pairing criminal justice with a minor in psychology allows you to develop additional skills that can be assets in fields such as corrections, rehabilitative services, or profiling.

Our criminal justice program include courses in criminal investigation, police work, corrections, juvenile justice, police operations, crime scene analysis, criminal profiling and law. To deliver the courses, we rely on a diverse group of professionals in the fields of police work, criminal intelligence, the military, law, probation, juvenile justice, and psychology. These professionals have advanced degrees and specialty training that make them experts in their respective fields. Having professionals in the classroom also allows students to have access to instructors' real life experiences, firsthand knowledge of the job and career guidance.

The criminal justice degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the criminal justice courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Bachelor of Science in Criminal Justice

— Administration Specialty

A lot of the business of a criminal justice career happens behind the scenes. That's the focus of the concentration in criminal justice administration. Managing the operations of a police organization requires a unique ability to understand the needs of the community being served as well as the components of the organization. Whether a student wants to pursue a career in law enforcement or private investigation, the courses in this concentration enable individuals to enter organizations with a broader understanding of the rationale for decision-making within criminal justice organizations.

The criminal justice degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the criminal justice courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Bachelor of Science in Criminal Justice

— Crime Analysis Specialty

The crime analysis specialty has been designed to meet the growing need for professionals who are capable of analyzing crime and intelligence data. The curriculum blends criminological theory with the use of computer software and analytical techniques to explore methods of predicting, preventing, and controlling crime.

The criminal justice degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the criminal justice courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. Bachelor of Science in Criminal Justice

— Rehabilitative Services Specialty

The rehabilitative services specialty is designed to meet the needs of individuals who wish to work in the field of juvenile and adult probation, parole and aftercare services. This is a growing field in which care is focused on assessing and rehabilitating individuals who have been convicted of a criminal offense or who are at risk. The curriculum consists of courses that provide training in risk assessment, needs assessment, counseling, group therapy and applied probation and parole services.

The criminal justice degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the criminal justice courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

***Students may test out by placement exam. Credits do not count toward degree.*

Bachelor of Science in Cybersecurity

With a Bachelor of Science in Cybersecurity from Indiana Tech, you will be prepared for careers and leadership within the rapidly expanding information security field. The cybersecurity program blends the technical aspects of information security with a fundamental understanding of criminal investigation. The result is a uniquely effective degree where students become digital detectives ready to protect individual and organizational data, and fight the cyberattacks and crime taking place every day on the Internet.

With hands-on coursework in computer programming, networking, and electronics, as well as criminology, this degree provides the expertise needed by today's companies, organizations, law enforcement and intelligence agencies to protect data. As the methods that cyber criminals use become more and more sophisticated, Indiana Tech's cybersecurity program ensures that its students will keep ahead of them.

Bachelor of Science in Emergency Response Management

As our world becomes increasingly more volatile, the demand for emergency response management professionals is greater than ever before. Professionals in this field work to protect life and property and to ensure the most complete disaster recovery possible. Our program in Emergency Response Management prepares students for careers in the public sector in a variety of agencies in local, state, or federal government, as well as nonprofit and private organizations involved in emergency planning, mitigation, response, recovery, and prevention.

Students pursuing a bachelor's degree in business administration are eligible to apply to our MBA 4+1 program or our MSOL 4+1 program after completing 75 undergraduate credits. Please visit www.IndianaTech.edu/CPS for more information.

Bachelor of Science in Health Information Management

Health Information Management (HIM) and health information technology (HIT) support patient care by providing data to the clinician at the point of care and by supporting institutional administration, including finance and practice management. Thus, this program studies issues from storage, retrieval and interpretation of data in patient care to implementation and management of the complex information systems used in the administration of health care. The natural environment for this field includes hospitals, physician networks and practice groups, third-party payers, regulatory agencies and industry suppliers, such as pharmaceutical companies, biotechnology companies and vendors of hospital equipment and medical supplies. There is substantial demand for workers with the skill-set provided in the HIM and HIT programs.

Bachelor of Science

in Human Services

A degree in human services is ideal for students who would like to make a career out of helping others. Graduates in the human services field reach out to individuals, families, and communities. The course work includes topics such as understanding diversity, aging, helping relationships, field experience and an internship, first aid in fitness settings, human growth and development, nonprofit management, social problems, community and social movements.

The human services degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the HS courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network.

Bachelor of Science

in Industrial & Manufacturing Engineering (IME)

The IME education opens up three paths after graduation: industry, graduate school in engineering, and/or graduate school in business. The bachelor's degree prepares you for positions such as industrial engineer, quality engineer, manufacturing engineer, or environmental health and safety engineer.

The IME degree uses a tracked teaching approach, Tracked Educational Adult Modules (TEAM), with students organized into TEAM groups of 12 to 18 members. Each TEAM proceeds through the courses in a predetermined order. Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network. Please check the schedule for TEAM starting dates. Courses marked with an asterisk (*) require TEAM enrollment.

Bachelor of Science in Organizational Leadership

The organizational leadership program provides students with the leadership competencies needed for middle management success in a variety of job families and functions. To fully develop the leadership skills of students, the program focuses on four key competency areas: operations and administrative competencies; human relations and interpersonal competencies; decision-making and critical thinking competencies; and communication competencies. To facilitate development of these competencies, courses marked with an asterisk (*) must be taken in sequence as part of a Tracked Educational Adult Module (TEAM). Since each course builds upon the previous one, students cannot drop in or out of the TEAM at will. If you drop from a TEAM, you may have to wait until the next TEAM to re-register for classes. For additional information, please contact the Warrior Information Network. Please check the schedule for TEAM starting dates.

Master of Business Administration (MBA)

— Human Resources, Management, Marketing, Project Management

The MBA examines the core functional areas of an organization. The disciplines of management, marketing, finance, accounting and economics are explored. MBA students can become immersed in a concentration that best fits their goals. The following courses are required for students in the human resources, marketing, management and project management concentrations. The requirements for the accounting and health care management concentrations are on page 31.

Core Courses

MBA 5000 Executive Management (first course).....	3
MBA 5120 Managerial Economics.....	3
MBA 5130 Managerial Accounting.....	3
MBA 5200 Financial Management.....	3
MBA 5210 Business Statistics.....	3
(students in the Project Management concentration may substitute MSE 6050 for MBA 5210)	
MBA 7000 Business Policy & Strategy.....	3

Concentration Courses12

Electives..... 6

Total Credits 36

Elective courses are any graduate-level courses with an MBA prefix.

Below are the courses required for the human resources, management, marketing and project management concentrations.

Human Resources Concentration

Required Courses (6 credit hours)

MBA 5600 Human Resource Management.....	3
MBA 6600 Employment Law.....	3

Select two of the following courses (6 credit hours)

MBA 6200 Performance Management.....	3
MBA 6210 Labor Relations.....	3
MBA 6220 Compensation Management.....	3
MBA 6600 Seminar in Human Resources.....	3
MSM 6400 Managing Change.....	3
MBA 6900 Business Praxis.....	3

International students only will select this course as a requirement for their Curricular Practical Training.

Management Concentration

Required Courses (6 credit hours)

MBA 5300 Organizational Behavior.....	3
MBA 5340 Operations Management.....	3

Select two of the following courses (6 credit hours)

MBA 5320 Quality Management.....	3
MBA 5600 Human Resource Management.....	3
MBA 6310 Project Management.....	3
MBA 6500 Small Business Management.....	3
MSM 6400 Managing Change.....	3
MBA 6900 Business Praxis.....	3

International students only will select this course as a requirement for their Curricular Practical Training.

Marketing Concentration

Required Courses (6 credit hours)

MBA 5220 Marketing Management.....	3
MBA 6420 Marketing Research.....	3

Select two of the following courses (6 credit hours)

MBA 5330 Business Law.....	3
MBA 6400 International Marketing.....	3
MBA 6430 Personal Selling & Sales Force Management.....	3
MBA 6440 Advertising & Promotion Management.....	3
MBA 5350 Customer Relationship Management.....	3
MBA 6900 Business Praxis.....	3

International students only will select this course as a requirement for their Curricular Practical Training.

Project Management Concentration

Required Courses (12 credit hours)

MBA 5320 Quality Management.....	3
or MSE 6020 Design for Lean Manufacturing.....	3
MBA 5340 Operations Management.....	3
or MSE 6030 Enterprise Resource Planning.....	3
MBA 6310 Project Management I.....	3
MBA 6320 Leading Global Projects.....	3

Master of Business Administration (MBA)

— Accounting

The requirements for the accounting concentration are listed below.

Core Courses

MBA 5000 Executive Management (first course).....	3
MBA 5210 Business Statistics	3
MBA 5220 Marketing Management	3

Also Required

MBA 5110 Management Information Systems.....	3
MBA 5120 Managerial Economics.....	3
MBA 5200 Financial Management.....	3
MBA 5310 Business Ethics.....	3
MBA 5330 Business Law	3
MBA 7000 Business Policy & Strategy	3

Accounting Concentration Courses

MBA 6810 Communication for Accountants	3
MBA 6820 Fraud Examination	3
MBA 6845 Government & Not-For-Profit Accounting... 3	
*MBA 6860 Becker CPA Review.....	6

Total Credits..... 42

* MBA 6860 is the last course in the program for students in the accounting concentration. The student's grade is based upon the number of "Certificates of Continuing Help" received by the Becker review. Four certificates is an A. Three certificates is a B. Two certificates is a C. One or none is an F.

— Health Care Management

The requirements for the health care management concentration are listed below. This concentration is only available online.

Core Courses (18 credit hours)

MBA 5000 Executive Management (first course).....	3
MBA 5120 Managerial Economics.....	3
MBA 5130 Managerial Accounting.....	3
MBA 5200 Financial Management.....	3
MBA 5210 Business Statistics	3
MBA 7000 Business Policy and Strategy.....	3

Select one of the following courses (3 credit hours)

MBA 5220 Marketing Management	3

HCM 6400 Health Care Finance.....	3

Master of Science in Management (MSM)

The Master of Science in Management develops expertise in using qualitative tools in decision-making and problem-solving. Graduates of the program are equipped with knowledge of leadership processes; total quality and change management; work motivation, empowerment and organizational culture; financial decision-making; and general management practices. The MSM requires 36 credits of course work spread over 12 classes. The following courses are required:

Core Courses

MBA 5000 Executive Management.....	3
MSM 5100 Qualitative Decision-Making.....	3
MSOL 5500 Financial Concepts for Leaders.....	3

Also Required

MBA 5220 Marketing Management	3
MBA 5300 Organizational Behavior.....	3
MBA 5310 Business Ethics.....	3
MBA 5320 Quality Management	3
MBA 5600 Human Resource Management.....	3
MBA 6600 Employment Law	3
MSM 6400 Managing Change.....	3
MSM 7200 Applied Management Project	3
MSOL 6800 Leading Strategy-Analysis, Planning & Implementation	3

Total Credits 36

MBA/MSM

Dual Degree

The dual MBA/MSM degree program is designed for the individual who wants competency in both the leadership skills obtained within the MSM curriculum along with the solid business analysis and quantitative skills offered within the MBA program. The dual degree requires the following courses:

Core Courses

MBA 5000 Executive Management	3
MBA 5130 Managerial Accounting.....	3
MBA 5210 Business Statistics	3
MBA 5220 Marketing Management	3

Also Required

MBA 5110 Management Information Systems.....	3
MBA 5120 Managerial Economics.....	3
MBA 5200 Financial Management.....	3
MBA 5300 Organizational Behavior.....	3
MBA 5310 Business Ethics.....	3
MBA 5320 Quality Management	3
MBA 5340 Operations Management.....	3
MBA 5600 Human Resource Management.....	3
Choose one of the following two courses	3
MBA 5330 Business Law	
MBA 6600 Employment Law	
MBA 7000 Business Policy & Strategy	3
MSM 5100 Qualitative Decision Making	3
MSM 6400 Managing Change	3
MSOL 6800 Leading Strategy-Analysis, Planning & Implementation	3

Electives..... 6

Total Credits..... 57

Elective courses are any graduate-level business courses (except MBA/MSE/MSOL 5000) offered by the university or accepted as transfer credit.

Master of Science in Engineering Management (MSE)

The Master of Science in Engineering Management is designed for individuals with a technical degree who are preparing to assume more managerial responsibilities, or who are broadening their knowledge base. Topics such as quality assurance, lean manufacturing and enterprise resource planning are complemented with the study of financial management, project management and managerial economics. This integration creates an educational experience which can be thought of as an MBA with a technical focus. The Master of Science in Engineering Management consists of 12 classes for a total of 36 credits.

MSE Courses

MSE 5000	Intro. to Engineering Management	3
MSE 6010	Environmental Health and Safety	3*
MSE 6020	Designing for Lean Manufacturing.....	3*
MSE 6030	Enterprise Resource Planning.....	3*
MSE 6040	Computer Integrated Manufacturing.....	3*
MSE 6050	Statistical Methods in Quality Assurance.....	3*
MSE 6060	Legal Implications for the Eng. Manager.....	3*
MSE 7000	Adv. Topics in Engineering Mgmt.....	3

MBA Courses

MBA 5120	Managerial Economics.....	3
MBA 5130	Managerial Accounting.....	3
MBA 5200	Financial Management.....	3
MBA 6310	Project Management	3
or MSE 5950	Curricular Practical Training.....	3(+)
	(+)for international students (international students may enroll in either MBA 6310 or MSE 5950)	

Total Credits..... 36

— Information Systems

An optional information systems concentration includes topics such as enterprise networking and communication, systems analysis and design, and information processing. Students will replace four (4) of the six (6) MSE courses identified with an asterik (*) above with IS courses. Students must complete two (2) MSE courses identified with an asterk (*).

IS 5300	Enterprise Networking & Communication ...	3
IS 5800	System Analysis and Design.....	3
IS 6000	Enterprise Information Processes	3
IS 6700	Challenges & Implications of Digitization ...	3
IS 6600	Business Continuity/Disaster Recovery	3**

**May be substituted if IS6700 is not offered

Total Credits..... 36

MBA/MSE

Dual Degree

The dual MBA/MSE degree program is designed for the individual with a technical degree who wants to gain an understanding of the core functional areas of business. A student may take the HR, management, or marketing concentrations in the MBA. The dual degree requires the following courses:

MSE Courses

MSE 5000	Introduction to Engineering Management.....	3
MSE 6010	Environmental Health and Safety	3
MSE 6020	Designing for Lean Manufacturing.....	3
MSE 6030	Enterprise Resource Planning.....	3
MSE 6040	Computer Integrated Manufacturing.....	3
MSE 6050	Statistical Methods in Quality Assurance.....	3
MSE 6060	Legal Implications for the Engineering Manager	3
MSE 7000	Advanced Topics in Engineering	3

MBA Courses

MBA 5110	Management Information Systems.....	3
MBA 5120	Managerial Economics.....	3
MBA 5130	Managerial Accounting.....	3
MBA 5200	Financial Management.....	3
MBA 5220	Marketing Management	3
MBA 5310	Business Ethics.....	3
MBA 6310	Project Management	3
MBA 7000	Business Policy and Strategy.....	3

Concentration Classes 6

Electives..... 6

Total Credits..... 60

Human Resources Concentration

MBA 5600	Human Resource Management.....	3
MBA 6200	Performance Management	3

Management Concentration

MBA 5300	Organizational Behavior.....	3
MBA 5340	Operations Management.....	3

Marketing Concentration

MBA 6420	Marketing Research	3
MBA 6400	International Marketing.....	3

Elective courses are any graduate-level business courses (except MBA/MSE/MSOL 5000) offered by the university or accepted as transfer credit.

Master of Science in Organizational Leadership (MSOL)

The Master of Science in Organizational Leadership gives you exposure to leadership theory and current best practices. After you complete the program, you will have working knowledge of visionary leadership skills to support global service.

Leadership Fundamentals

MBA 5310	Business Ethics.....	3
MSOL 5000	Leadership Styles & Leadership Dev.	3

MPSY 5800	Legal and Ethical Issues in Psychology.....	3
MPSY 6000	Psychopathology	3
MPSY 6200	Advanced Social Psychology	3
MPSY 6600	Research Methods in Psychology	3
MPSY 6800	Advanced Biopsychology	3
MPSY 6920	Capstone Course: MS in Psychology	3

Total credits..... **33**

Student Resources and Services

www.IndianaTech.edu

The Indiana Tech Web site holds a wealth of information for current and prospective students. Visit www.IndianaTech.edu when you need information on topics such as class locations, course schedules, Credit for Learning and financial aid. Forms that can be completed online or downloaded in PDF format include:

- Admissions applications
- Registration forms
- Financial aid forms
- Payment option forms
- Petitions for graduation
- Transcript requests
- Change of curriculum forms
- Forms to assist students with disabilities

my.IndianaTech.edu

In addition to the public website at www.IndianaTech.edu, the university also provides services to students at my.IndianaTech.edu. These services include:

- A personal secure account to use in computer labs
- An IndianaTech.net email account
- Access to your grades, schedule and degree progress
- Access to business office and financial aid information

To activate your account, visit www.IndianaTech.edu/its. Go to the Student Accounts box and click on “Click here for more information.” Then click in the Account Activation box. You will be required to verify your ID number, birth date, social security number, first name and last name. You then will be permitted to set your password.

Warrior Information Network

The Warrior Information Network consolidates administrative services into one convenient resource. A phone call to 888.832.4742 will take care of most of your needs at the university, including:

- Registrations
- Class withdrawals
- Tuition payments
- Updates of personal information (name, address, e-mail, shipping address, etc.)
- General financial aid information

There are three ways to contact the WIN:

- E-mail: WIN@IndianaTech.edu.
- Telephone: 888.832.4742, from 8:30 a.m. to 8 p.m., Monday and Tuesday; 8:30 a.m. to 7 p.m., Wednesday and Thursday; and 8:30 a.m. to 5 p.m., Friday, with the exception of holidays.
- Fax: 260.424.4831 or toll-free 888.832.4844.

Campus Resources

Each Indiana Tech location provides resources to support your success as a student.

- Fort Wayne: Our Fort Wayne campus offers McMillen Library, the Career Center and 24-hour computer lab access. Visit the McMillen Library at library.indianatech.edu or 800.937.2448, ext. 2215.
- Elkhart: The Elkhart campus has an academic resource center, which includes study space and computers. An academic resource specialist is available to assist you with computer and other related questions.
- Kendallville: Our Kendallville location (located within the Impact Institute) offers access to the community computer lab, and the building is equipped with Wi-Fi.
- Louisville: This campus offers an academic resource center, which contains a computer lab, and the building is equipped with Wi-Fi. An Resource Center Specialist is available to assist with questions.
- Indianapolis: The Pyramids campus provides an academic resource center that includes computers, a quiet place to study and an academic resource specialist. A career services advisor is also housed at the Indianapolis campus to serve the central Indiana region.
- Other Locations: Our Fishers, Greenwood, Huntington, Jeffersonville, Lafayette, Mishawaka, Munster and Warsaw locations provide a computer lab and an academic resource specialist. Many of these locations are also equipped with Wi-Fi.

Tutoring

The College of Professional Studies offers tutoring at no cost for several key courses. For more information on tutoring policies and assistance in arranging tutors, contact:

- The tutoring center within the Office of Student Success at 260.422.5561, ext. 2337, or studentsupport@indianatech.edu.

Career Services

The Career Center offers services at no cost to all Indiana Tech students and alumni including:

- Career advising
- Job search preparation
- Workshops and events such as mock interviews and networking nights
- Online job posting and resumés at Warrior Jobs

To learn more about the career services available to you:

- Visit careercenter.indianatech.edu
- Call 800.937.2448, ext. 2217
- Email careercenter@IndianaTech.edu

General Information

Accreditation

Indiana Tech is accredited by the Higher Learning Commission. For more information on accreditation, contact the Higher Learning Commission at (800) 621-7440. The university is approved and officially recognized by the U.S. Office of Education and the U.S. State Department and is approved by the State Approval Agency for the enrollment of veterans and eligible persons.

Enrollment Status

- A full-time undergraduate student is one who is enrolled for 12 or more credits per semester.
- A three-quarter-time undergraduate student is one who is enrolled for 9 to 11 credits per semester.
- A half-time undergraduate student is one who is enrolled for 6 to 8 credits per semester.
- A full-time graduate student is one who is enrolled for 9 or more credits per semester.

Registration

Registration can be handled on my.indianatech.edu or through the Warrior Information Network. All registrations are processed on a first-come, first-served basis. By registering for classes, the student agrees to abide by the university's policies and regulations.

Textbooks

Textbooks are loaned to students enrolled in courses meeting face-to-face. Instructors collect textbooks at the last class meeting. If you are unable to return the textbook to the instructor, it must be returned to Indiana Tech no later than two weeks after the session ends.

Textbooks for online classes are loaned to students and must be returned to Indiana Tech no later than two weeks after a session has ended via the shipping envelope and postage paid label provided by the university.

You will be billed for books not returned within the policy guidelines. If you wish to purchase a textbook, you can keep the textbook and your account will be billed.

Shipping Address

Textbooks are shipped via UPS to your home address. If you would like your books shipped to an alternate address, please contact the Warrior Information Network before the registration deadline of that session. Doing so will initiate a permanent change in your shipping address for textbooks only. All other mail will be sent to your home address. We cannot use P.O. boxes for UPS delivery.

Software

Because of licensing agreements, some classes will require you to purchase software for your personal use.

Change of Name or Address

Please notify the Warrior Information Network of any name, address, email, or telephone number changes. Name changes require appropriate documentation.

Grades

Visit my.indianatech.edu, then enter your user name and password, click on Academics, then select Grade Report, select the term, then Final Grade Report. A screen with your name, courses and GPA information will appear. If you need to print a copy, just select the printer icon in the upper right corner of the screen.

You will be responsible for checking your grades each session. If you don't know your my.indianatech.edu log-on information, go to my.indianatech.edu and select Retrieve Password under Password Support. Questions about specific grades should be directed to the professor. Any questions about the information on my.indianatech.edu should be directed to the Warrior Information Network at 888.832.4742 or WIN@IndianaTech.edu.

Identification Cards

If you would like a student I.D. card, please contact the campus or office near you for information. (Student ID request forms can be obtained online.)

Class Cancellations

Because weather can vary across the regions where Indiana Tech has classroom locations, each campus must determine when conditions call for cancellations. Whenever possible, the College of Professional Studies will decide whether to cancel classes no later than 4 p.m. Sundays through Thursdays or 7 a.m. Saturdays.

Indiana Tech uses Blackboard Connect to communicate information about weather-related campus closings and other emergencies quickly and accurately through:

- Text messages
- Voice messages
- Email
- Facebook
- Twitter

You do not need to sign up for this service; all current students, faculty and staff are automatically included. However, we must have correct contact information on file to ensure that we can notify you of campus closings or emergency situations. Please login to your my.IndianaTech account and update your contact information under Directory Update.

For more information about Blackboard Connect, visit safety.IndianaTech.edu/emergency.

Campus closings are also posted on our website at www.IndianaTech.edu.

Academic Policies

Earning College Credit

There are several ways you can earn credit toward your degree from Indiana Tech:

- Successfully completing Indiana Tech courses either in class, online or through Independent Study
- Transferring credit from other colleges
- Passing standardized tests such as the College-Level Examination Program (CLEP), or the Defense Activity for Non-traditional Education Support (DANTES) program.
- Using military experience or corporate training, which when evaluated may be worthy of college credit.
- Receiving credit for prior learning, work training and other previous college credit through our Prior Learning Portfolio program. Indiana Tech has partnered with the Council for Adult and Experiential Learning (CAEL) Learning Counts program to offer this opportunity to our students.

Proficiency examinations are available for selected courses at Indiana Tech. A proficiency examination is used to establish credit in a course for which credit has not been earned by either transfer credit or attendance in a class at Indiana Tech. A proficiency examination cannot be taken in any course for which a grade has been received at Indiana Tech, or a course that has been audited at the university. Credit in the course is given based on pass/fail. If a student fails a proficiency exam, he or she may not retake the exam. A student who wishes to take a proficiency exam must see his or her advisor or dean for a list of available exams.

Students who successfully complete a nationally recognized certification exam (e.g., A++, Microsoft Networking, MOUS, etc) may request transfer credit for an equivalent course at Indiana Tech. Students should contact the dean of the appropriate college for consideration of the requests.

Class Attendance

Due to the accelerated pace of the courses, students are required to attend each class for the full duration of the class period. Missing more than 30 minutes of class will be considered an absence. Logging into Blackboard for an online class after the class start date is considered an attendance in that class.

If you know that you will be unable to attend the first class, do not register for the class. At times, an unforeseen occurrence may cause a student to miss the first class. If you are unable to attend the first class, you must contact the Warrior Information Network (WIN) within three (3) days of the absence. Failure to notify the WIN within three days of a first night absence will result in an administrative withdrawal of the student from class. An absence from class does not alleviate the student from responsibility for assignments due the class of the absence or assignments due the next class following the absence.

Be aware that an absence could result in a grade reduction. Two absences during a single-session course and three absences from a two-session course will result in a failing grade.

Change of Curriculum Policy

Students wishing to change degree programs must complete the Change of Curriculum Form (available on our Web site at www.IndianaTech.edu) and return it with a \$10 fee to the registrar. Forms returned without the required fee will be charged to your account. Upon changing majors, students must follow all conditions of the most current academic catalog.

Students may change to the curriculum of the current year with the approval of the registrar. Students may not change to a curriculum in force prior to their enrollment, nor may students revert to previous curriculum requirements after officially changing to a current year curriculum.

Academic Credit Load

Undergraduate students are allowed to register for two classes per session up to 18 credits in a semester. The 18 credit limit includes all methods of delivery: in class, online and Independent Study.

The criteria to enroll in additional credits in a semester are as follows:

- The student must be in good academic standing with a cumulative grade point average of 3.0.
- The student must have completed at least 24 credits at Indiana Tech.
- The student should obtain approval from the dean.

Graduate students are limited to two classes per session. Exceptions must be authorized by the dean or assistant dean. The criteria to enroll in three classes in one session are as follows:

- The student must have a cumulative grade point average of 3.0 or better.
- The student must have completed core courses.

Academic Policies continued

Academic Withdrawal Policy

You can withdraw from a CPS course without academic record until the end of the first week of the course (all session lengths). Withdrawals with record are allowed until the end of week 3 for five- and six-week courses; until the end of week 5 for 10-week courses; and until the end of week 6 for 12-week courses. You must contact the Warrior Information Network to withdraw, or you will receive a failing grade and be charged for the class.

Refund Policy

A CPS course (including online) can be dropped without charge until the end of the first week of the session (e.g., the first Friday of classes). Saturday classes can be dropped through the Monday following the first class. Drops during the second week will receive a 75 percent refund. Third-week drops will receive a 50 percent refund. This applies to all session lengths. Drops can be handled by phone or via email through the Warrior Information Network (WIN) or registrar’s office. Students will receive a drop confirmation email. Students who drop an online course with 100% tuition refund are required to return the supplied course materials within two (2) weeks of the withdrawal date. All returned materials should be in good condition. Students will be charged \$150 for not returning the course materials.

Undergraduate deadlines for refunds are as follows:

	100%	75%	50%
Session 1	7/27	8/3	8/10
Session 2	8/31	9/7	9/14
Session 3	10/5	10/12	10/19
Session 4	11/9	11/16	11/30
Session 5	1/18	1/25	2/1
Session 6	3/1	3/8	3/15
Session 7	4/5	4/12	4/19
Session 8	5/10	5/17	5/24
Session 9	6/14	6/21	6/28

Graduate deadlines for refunds are as follows:

	100%	75%	50%
Session 1	7/27	8/3	8/10
Session 2	9/7	9/14	9/21
Session 3	10/19	10/26	11/2
Session 4	12/7	12/14	1/11
Session 5	2/8	2/15	2/22
Session 6	3/22	3/29	4/5
Session 7	5/3	5/10	5/17
Session 8	6/14	6/21	6/28

Graduation Policies

Graduation Requirements—Undergraduate

To qualify for graduation from Indiana Tech, you must successfully complete:

- Submission of all official transcripts from transfer institutions from which you are receiving transfer credit.
- All necessary credits required for the degree. Bachelor's degrees require a minimum of 30 credits earned at Indiana Tech. At least 21 of the 30 credits must be among the last credits completed by the student before graduation. Associate degrees require 15 credits earned at Indiana Tech. Individual exceptions to the policy can be made only with written approval by the vice president of academic affairs.
- Required courses in all areas of major study with a minimum cumulative grade point average of 2.0
- All courses, required and elected, at an overall minimum cumulative grade point average of 2.0
- All financial obligations to the university

Graduation Requirements—Graduate

To qualify for graduation from Indiana Tech, you must successfully:

- Submission of all official transcripts from transfer institutions from which you are receiving transfer credit.
- Complete all necessary credits for the degree, with no more than 9 transfer credits
- Achieve a minimum GPA of 3.0 with no more than 9 credit hours of C work counting toward the degree
- Complete all course work within seven years after completing the first class
- Satisfy all financial obligations to the university

Petition for Graduation

All students who wish to receive a degree from Indiana Tech, must file a Petition for Graduation with the registrar's office. The graduation process is complete after the student has achieved academic and financial clearance to graduate. Degrees are conferred and diplomas and final transcripts are sent only after financial clearance is received.

Students can submit petitions when they are within 2 semesters of the anticipated course work completion date, or when:

- Associate students have earned 45 credits
- Bachelor's students have earned 102 credits
- Graduate students have earned 27 credits

The Petition for Graduation is posted at www.IndianaTech.edu.

Commencement Ceremony

Students planning to participate in the May commencement exercises must file the petition prior to February 1. Petitions filed after February 1 will not be accepted for participation in the commencement ceremonies.

Note: Undergraduate students must be within 15 credits by March 31 to participate in May commencement. Graduate students must be within 12 credits by March 31 to participate in May commencement.

Tuition and Payment Information

Tuition Payment Options

Indiana Tech offers multiple payment options for students in the College of Professional Studies. All students must submit a payment options form available at busoffice.IndianaTech.edu/cps/payment-options-form/.

- **Pre-pay:** Each course must be paid in full by the registration deadline for each session.
- **Financial Aid:** If you plan to use financial aid, you must file the FAFSA before registering for your first session. You are responsible for submitting all required paperwork to the Financial Aid Office in a timely manner. You can file the FAFSA online at www.fafsa.ed.gov.
- **Voucher/Authorization Process:** If your employer uses a voucher system, you will choose this option. A voucher is an approval form for each course obtained by the student from the employer. The voucher or authorization form must be turned in to the business office by the registration deadline of each session.
- **Tuition Assistance Deferment:** If you receive tuition assistance from your employer, you qualify to defer tuition for 45 days after the end of the session. If your tuition is not paid by the due date, a \$50 late tuition fee per class will be billed to your student account.
- **Direct Billing:** Some employers may wish to have their employees' tuition billed directly. You should contact your admissions representative or the Business Office for more information.
- **Military Benefits:** Requires Certifying School Official (CSO) and Business Office review prior to approval.
- **Corporate Discounting:** Corporate discounting is only available to approved companies. Requires additional paperwork along with Business Office review and approval.

Your payment choice will remain in effect unless you request a change. If your situation changes and you need to choose a different payment option, you must submit a new Payment Option Form.

Invoicing and Payments

Tuition invoices are sent to all students by the end of the 3rd week of class. Checks or credit cards may be used to pay tuition and fees. We accept MasterCard, Visa, American Express and Discover. A 2.75% convenience fee is assessed for all domestic card payments and 4.25% for all international card payments. ACH payments are free. There is a \$30 fee for all returned checks. All students are subject to a \$50 late tuition charge if tuition goes unpaid, regardless of payment option.

Tuition and Fees for 2018-19

Tuition

Graduate Tuition	\$515 per credit
Graduate Tuition — Engineering	\$557 per credit
Graduate Auditing Fee.....	\$253 per credit
Undergraduate Tuition.....	\$404 per credit
Undergraduate Tuition — Engineering.....	\$426 per credit
Undergraduate Auditing Fee.....	\$191 per credit
Ph.D. tuition.....	\$849 per credit

Other Fees

Program Fee (MBA/MSE/MSOL 5000)	\$90
CAEL Course (including 1 portfolio assessment)	\$750
Additional Portfolio Assessments	\$250
Curriculum Change	\$10
Graduation Fee.....	\$50
Late Registration Fee.....	\$20 per class
Returned Check Fee.....	\$30 per item
Returned ACH Fee.....	\$30 per item
Late tuition charge.....	\$50 per class
BankMobile Replacement Card	\$10 per card

Tuition and fees valid through June 30, 2019.

BankMobile Refund Card

New students will receive a BankMobile Activation Letter through the mail 5 to 7 days after you have started your first course. In the event that you have excess funding you will receive your refund through BankMobile. Please follow the instructions included with your BankMobile Activation Letter.

Financial Aid Information

Types of Aid

- Federal Pell Grant
- Indiana Freedom of Choice Award
- 21st Century Scholars Award
- Indiana Part-Time Award
- Indiana Minority Teaching Scholarship
- Federal Direct Subsidized Loan
- Federal Direct Unsubsidized Loan
- Private Alternative Loan (requires separate application and credit check approval)
- Parent PLUS Loan (for dependent students only)
- Graduate PLUS Loan (for graduate students only)

Eligibility

- Must have a high school diploma or have successfully passed the General Education Development (GED) test approved by the U.S. Department of Education.
- Must be enrolled or accepted in a degree program.
- Must file a Free Application for Federal Student Aid (FAFSA).
- Must not be in default on any Federal (Title IV) loan or owe payment on any Federal (Title IV) grant received at any institution.
- Male students must satisfy requirements under the Selective Service Act.
- Must be a citizen, national or permanent resident of the United States.
- Must maintain satisfactory academic progress.
- Loan borrowers must complete online entrance loan counseling and a master promissory note at www.studentloans.gov in order to receive loan funds.

Financial Aid Process

The following are steps in the Financial Aid process:

- Student must file a Free Application For Federal Student Aid (www.fafsa.ed.gov). **Our school code is 001805.** Please use the IRS Data Retrieval tool to expedite the processing of your application.
- Please use your financial aid portal at my.indianatech.edu to access your financial aid to-do list for outstanding document requests. Documents can be printed, completed, signed and returned to our office via mail, fax, email, or in person.
- Students will receive a financial aid offer by email indicating the types and amounts of aid they qualify for.

Financial Aid Package

Financial aid is packaged for a full academic year and is awarded in two semesters (fall and spring).

The summer session (Session 9 for undergraduate students and Session 8 for graduate students) is a separate period of enrollment and IS NOT included in your award package. Ph.D.

students are packaged for the summer period due to the nature of the program. For questions on summer eligibility, please contact our office.

Important Notes

Indiana Tech requires that all students complete the payment option form upon enrollment. Links to the payment option form are available at <http://busoffice.indianatech.edu/cps/payment-options-form>. A financial aid package will be sent to the student indicating the available aid for the academic year once a FAFSA has been received with all requested documentation. Applying for financial aid does not remove responsibility for payment if the funding is not received. Students are responsible for all outstanding balances.

Posting of Funds

Financial Aid funds are credited to the student's account based on the completion of every 3 credits. The timeliness of the posting is affected by the completion and submission of all necessary documents required. Once all charges have been satisfied any excess funds will be refunded to the student unless the student requests that the funds remain on their account. This process begins after the billing period for classes, which is typically during the third week. Refunds are typically processed during the fourth to sixth week following the beginning of classes based on this billing process.

Financial Aid for Graduate and Ph.D. Students

Unsubsidized federal student loans are available for students enrolled in the graduate or Ph.D. program. Federal grants and subsidized Federal Direct Student Loans are not available. Full time enrollment in the graduate program is 9 credits per semester. Full time enrollment in the Ph.D. program is 6 credits.

Schedule Changes

Dropping a class may adversely affect a student's financial aid package. Students must contact the Warrior Information Network (ext. 2525) or financial aid office prior to dropping a class to understand the possible consequences.

Questions

We are here to help you get the financial aid you need to complete your degree. If you have any questions or concerns about the information above, please do not hesitate to contact us at:

		Dates: Session:	Jul 22-Aug 25 1	Aug 26-Sep 29 2	Sep 30-Nov 3 3	Nov 4-Dec 15 4	Prerequisites
HIM 4800	RHIA Proficiency					EOL41	HIM 3400, 3600, 4000, 4200, 4400, 4600 (All with C or better)
HIM 4950	Professional Practice Experience						Approval of Program Director
HIT 1100	Medical Terminology		EOL11	EOL21	EOL31	EOL41	BIO 1110
HIT 1200	Intro to Health Information Management		EOL11	EOL21	EOL31	EOL41	ENG 1250, MIS 1300 (both C or better)
HIT 1350	Ambulatory Services Coding		EOL11		EOL31		HIT 1100 AND BIO 1210 (both C or better)
HIT 1450	Diagnosis Coding			EOL21		EOL41	HIT 1100 AND BIO 1210 (both C or better)
HIT 1550	Inpatient Procedure Coding		EOL11		EOL31		HIT 1100 AND BIO 1210 (both C or better)
HIT 1600	HIT Professional Communications		EOL11		EOL31		ENG 1270 (C or better)
HIT 2000	Health Data Management I			EOL21		EOL41	HIT 1200 (C or better)
HIT 2100	Health Data Management II		EOL11		EOL31		HIT 2000 (C or better)
HIT 2200	Health Data Privacy & Security		EOL11		EOL31		HIT 1200 (C or better)
HIT 2300	Healthcare Reimbursement			EOL21		EOL41	HIT 1350, HIT 1450, HIT 1550 (all C or better)
HIT 2400	HIT Project Management					EOL41	HIT 2100
HIT 2600	HIT Field Experience		FFF18		FFF38		HIT 1450, HIT 2100, HIT 2200 (all C or better)
HIT 2600	HIT Field Experience		FFF28				HIT 1450, HIT 2100, HIT 2200 (all C or better)
HS 1200	Intro. to Human Services			EOL21		EOL41	
HS 1500	Helping Relationships				EOL31		HS 1200
HS 2000	Human Services Programming					EOL41	HS 1200
HUM 2510	Music Appreciation			EOL21		EOL41	ENG 1270
HUM 2520	Art Appreciation			EOL21		EOL41	ENG 1270
HUM 2730	Intro. to Philosophy			EOL21	EOL31		ENG 1270
HUM 3110	Intro. to Cinema			EOL21			ENG 1270
HUM 3140	Children's Literature			EOL21		EOL41	ENG 1270
HUM 3310	Interpretation of Fiction		EOL11	EOL21	EOL31	EOL41	ENG 1270
HUM 3330	American Writers		EOL11		EOL31	EOL41	ENG 1270
HUM 3360	African American Literature		EOL11		EOL31		ENG 1270
HUM 3710	Ethics		EOL11	EOL21	EOL31	EOL41	ENG 1270
HUM 3720	Advanced Critical Thinking				EOL31		ENG 1270
IIT 1900	Academic & Career Success Seminar		EOL11	EOL21	EOL31	EOL41	
IS 1150	Principles of Information Systems		EOL11				
IS 1300	Programming I		EOL 11				CS 1250 (C or better), MA 1030
IS 2100	Internet Programming			EOL21			IS 1300 (C or better)
IS 2300	Programming II				EOL 31		IS 1300 or CS 1300 (C or better)
IS 2900	Web Development II				EOL31		IS 2100, CS 2500
IS 3100	Cybersecurity I					EOL41	IS 1300; IS 2100 or NET 1200
IS 3200	Cybersecurity II				EOL31		NET 1500, IS 3100
IS 3300	Developing Mobile Applications		EOL11				IS 2300 (C or better)
IS 4100	Systems Analysis and Design			EOL21			IS 2300, CS 2500
IS 4600	Disaster Recovery				EOL31		IS 3100

Fort Wayne Campus/Area

Dates:	Jan 13-Feb 16	Feb 24-Mar 30	Mar 31-May 4	May 5-Jun 8	Jun 9-Jul 13	Prerequisites
Session:	5	6	7	8	9	

Fort Wayne IME Team M

Class Location: Indiana Tech-Main Campus, 1600 E. Washington Blvd., Fort Wayne, IN 46803

EGR 2000	Engineering Communication			FFF71/MTh*/5:30		ENG 1270 (C or better)
EGR 2650	Manufacturing Processes					EGR 2600 or WIN approval
EGR 3430	Applied Probability & Statistics	FFF51/Mon/5:30				MA 1100 or MA 1200
IME 2010	Safety Engineering					BA 2010
IME 2020	Work Design					IME 2010
IME 2110	Six Sigma I					MA 1030, Soph. standing
IME 3020	Computer Simulation of Mfg. Proc. I			FFF81/MTh*/5:30		EGR 3430

*Class meets twice a week on Mondays & Thursdays.

Fort Wayne IME Team N

Class Location: Indiana Tech-Main Campus, 1600 E. Washington Blvd., Fort Wayne, IN 46803

CH 1000	Fundamentals of Chemistry			FFF71/MTh*/5:30		MA 1030
EGR 1710	Engineering Graphics & Design					MA 1010 or concurrent
MA 1010	Basic Algebra					MA 1005 (C or better)
MA 1030	Applied Algebra					MA 1010 (C or better)
MA 1055	Applied Trigonometry					MA 1030 (C or better)
MA 1100	Applied Calculus	FFF51/Thur/5:30				MA 1055 (C or better)
PH 1100	Fundamentals of Physics I				FFF81/Thur/5:30	MA 1030; MA 1055 or concurrent

*Class meets twice a week on Mondays & Thursdays.

Huntington

Class Location: Indiana Tech - Huntington, 2809 Commercial Road, Huntington, IN 46750

ACC 1010	Accounting Principles	FHP51/Tues/5:30				MA 1005 (C or better)
