# SCHEDULE OF CLASSES

Fall 2021

In addition to this PDF document, there is an online resource where you and/or students can obtain real-time CPS class schedule information:

**[registrar.indianatech.edu/cps-class-schedule](https://registrar.indianatech.edu/cps-class-schedule)**

The online tool is searchable by degree program, session, location, day(s) of the week, course code and course title. Multiple filters can be applied within each section (i.e., more than one session, location, etc.), and the information is updated every 24 hours. The “printable version” link on that page provides you with schedule grids by location, which are also updated every 24 hours.
